Captain Fitler, of the Salvation Army, confirms the report that Cleveland members of the rmy are on their way here. Incoming freight day. One train had twenty-five of this class on board. The railroad people seem to be unable to cope with them, but are taking all possible measures for protection. Many of the new-comera are trained in the woods surrounding the tramps, who camped in the woods surrounding the town during the night. Among the arrivals is Doughas M. McClellon, who represents Mrs. Lease, and asked permission to have her address the "army" at Pittsburg, which Coxey refused. Henry Vincent, Editor of "The Chicago Express," son of Henry Vincent, Editor of "The Chicago Express," son of Henry Vincent, who was associated with John Brown in the underground railway movement, also arrived this morning, and will marshal one wing of the army. Coxey received letters and telegrams from rearly a hundred people this morning, who assured him that they were on the march to Massillon with wagons, provisions and money. It is now estimated that Coxey will start from Massillon with anywhere from 190 to 599 followers.

"We got over a bushel of letters this morning." "We got over a bushel of letters this morning." "Said Mr. Coxey, "from people who expect to join our movement en route. The hendquarters of the Commonweal Army consist of one unfurnished room in a new block on West Mainest, one smail desk, which when new cost fr. 86, one small soft-coal stove, one nail keg, two chairs and one salcon table, which has recently seen some service. The only visible parts of the Common Weal army, up to Friday night, were constituted by General Coxey, Marshall Browne and Bandmaster Thayer. Good judges say that the letters received by Coxey are nothing but "fakes," and that people who have worried over anticipated marsudings and other outrages upon the part of the army have been unduly alarmed. The Mayor of Canton, who a few days ago appealed to the City Council for an extra force of police to protect the town from Coxey's horder, is being hughed at by nearly everybody, and the correspondents who have come here from New-York and other far-distant cities to keep the public thoroughly informed on the movements of the army are kicking themselves right vigorously.

When last seen she was walking in the direction ford. When last seen she was waiting in the direction of University Park. The recent death of her husband had thrown her into a state of melancholla. The police succeeded in finding the hody of Mrs. Feliding in the River Cherweil at Oxford to-day. There is every evidence that she committed suicide while suffering from mental depression resultant from the death of her husband.

SMALLPOX AMONG CHINAMEN.

Vancouver, B. C., March 24.-Smallpox has broken out among the Chinamen in the Canadian Pacific bonded warehouse. The disease is fully developed in a Chinaman named Yip Tung, bonded for New-City. There are seventy-seven Chinamen in the building in bond for Portland, Seattle, San Francisco, New-York and other American cities. The warehouse is in the heart of the city, and when the yellow flag was raised it caused considerable consternation. The council held an emergency meeting last night, and decided to place a heavy guard around the warehouse, and remove any cases to the pesthouse on Deadman's Island. The Chinamen in quarantine all came over by the last Oriental Steamer, and have been nine days in port. Six carloads of these Mongolians went East on the arrival of the steamer.

SEVERE WEATHER IN THE NORTHWEST

HIGH WINDS AND INTENSE COLD IN SEVERAL STATES-A BLIZZARD IN MANITORA.

Minneapolis, March 24.-A severe windstorm set in late last night, and the wind has been high all day,

The most interesting points argued were in reference to admitting the depositions of Aleck Julian, W. W. Rosell and Dr. Lewis. Julian is the man referred to by Miss Polard as "my blind sweetheart," who deposed that one Christmas Day, while at the house of Squire Kinsiev, Miss Polard, after drinking too much eag-nog, went through the form of a mock marriage with Julian and proposed that they carry out the marital relation.

The testimony of Dr. Lewis was that Colonel W. A. Swope, who was killed in a street duel in Lexington by Cassius Clay Gosdios some years ago, had requested him to perform an operation on a Miss Pollard, with whom he said he had become involved Dr. Lewis refused to take the case. He testified that he did not know whether the Miss Pollard mentioned was Madeline Pollard, or some other Miss Pollard. Crookston several buildings were unroofed and many plate-glass windows demotished. At Minot, N. D., the Presbyterian Church steeple was blown off, the store front demotished and numerous chimneys were blown down. Many persons were in halis and churches preparing for Easter services, and a small panie ensued. All reached home safely, however. At Groton, S. D., a young man, supposed to be Frank Sneil, was found this morning a half-mile south of town frozen to death. At Reynolds, N. D., Professor McLain was found about five miles south of the town badly frozen, he will recover.

THE BELLE OF THE SEASON.

A Beautiful Belle Broken in Health. A Journey Through Europe.

A beautiful American lady had grown pale and thin. The belle of the season" was tired. Each passing winter and found her in the forefront of social gayety, and each recurring summer had tossed her like a straw from recurring to seaside, from seaside to mountains, and from mountains to country. It was very pleasant while it lasted. There were balls and dinners in the winter, with hosts of admiring friends to bear witness to her social triumphs. A black and dismal day cam, when she was forced to admit, even to herself, that he influence was gone and that she was merely a belie of the past. She was no longer beautiful. Flesh and blood and nerves had stood the strain as long as they could, and then they went to the wall.

Realizing that the youth and beauty of her life had

One October day, three years later, the lists of steamship of their ranks from outside are constantly who had once been the social favorite. In memory of hapcilef that his skill in medicine would cure her iantly beautiful woman that he had seen for years. He gazed in dumb surprise. He found that the action of the Carlsbad Salt in powder form showed clearly the peculiar value of the water for medicinal purposes. It is not a mere purgative, as might be supposed, but is an alterative and eliminative remedy. In its action on the human system it dissolves tenacious bile, removes all unhealthy growths, allays irritation, neutralizes free acid, and places the vital organs in a sound and healthy condition. It does this by aiding nature, and not by sudden and excessive stimulation. In its effect upon the stomach the water as well as the Carlsbad Sprudel Salt (powder form) causes a soothing, alterative action on the nerves of the stomach. This causes a the increased appetite that is invariably noticed after a short course of treatment, and also the feeling of comfortable warmth that spreads throughout the entire body. By its introduction into the circulation of the system they correct many morbid decompositions of blood and lymph

It will be seen from this casual glance at the of Carisbad Water and the Carisbad Sprudel Salt in pow-der form that the curative results are obtained in the der form that the curative results are obtained in the simplest and most natural manner. The remedy first dissolves and absorbs all tough and obnoxious secretions, and immediately thereafter begins to build up the system with new health and strength. As in building a new house of the foundations of an old one, the builders first clear away the old rubbish, so the Carlsbad Water and Sprudel Salt clear away the rubbish and accumulated secretions of ill-health.

The superstructure of new life and strength is then built upon the renewed foundations.

The Carisbad Waters and Sprudel Salt are becoming so popular in this country that dishonest persons have found it profitable to place upon the market bogus Sprudel Salts; but, to make sure that he is getting the genuine imported article the purchaser should be careful to buy only that which bears the name of Eisner & Mendelson Co., New which hears the name of Eisner & Mendelson Co., 'New York City, on the label, who are the sole agents for the United States for the products of the Carlsbad Springs.
